Becoming a spasm warrior of the Sessair clan means a life of endless battles on the frontline and absolute submission to the goddess Danu. Revolted by the risks encountered due to their kings' ambitions, some spasm warriors have decided to take their lives into their own hands and to choose their own fights. Fond of their freedom, they travel to Cadwallon and become mercenaries for the guild of Blades.

The legendary spasms of fury are shaking the guild of Blades! The enemy of Cadwallon should be careful when they find young orphans of Avagddu infiltrated so far behind their lines (Scout, Rapidity). Under the effect of anger, the young girl will turn into a fury of Avagddu, a creature on a killing spree (War fury, War cry/8, Implacable/1 and Possessed).

The warriors of the guild of Blades can join any army. The history and the rules of the guild of Blades are available in Cry Havoc vol.5. Besides, some gaming advice is available in Cry Havoc vol.14
